AltaGas Ltd. (“AltaGas” or the “Corporation”) (TSX: ALA; ALA.PR.A) and Pacific Northern Gas (“PNG”) (TSX: PNG) are pleased to announce the successful completion of the acquisition of all of the issued and outstanding common shares of PNG by AltaGas.

“I am pleased to welcome PNG and its employees to AltaGas. This transaction will grow our Utility business to over 110,000 customers and increase rate base to over \$500 million” said David Cornhill, Chairman and CEO of AltaGas. “We are committed to continue delivering safe and reliable service to our customers.”

Roy Dyce, President and CEO of PNG added, “I want to thank the employees of PNG for their efforts and thank PNG shareholders for their support through the years. PNG is excited to join a company with such a strong reputation as AltaGas.

The acquisition took place pursuant to a statutory plan of arrangement under the *Business Corporations Act* (British Columbia) following approval by over 99 percent of PNG shareholders voting by person or represented by proxy at a special meeting held on December 12, 2011. The arrangement was approved by the Supreme Court of British Columbia on December 13, 2011 and the acquisition closed on December 20, 2011. In accordance with the arrangement, AltaGas Utility Holdings (Pacific) Inc., an indirect wholly-owned subsidiary of AltaGas, acquired all the issued and outstanding common shares of PNG for consideration of \$36.75 per common share.

Registered holders of PNG common shares who have not already submitted a completed letter of transmittal, together with their share certificates, to Computershare Investor Services Inc., in its capacity as depository under the arrangement, should do so at their earliest convenience. Payment to such shareholders will only be made following receipt of such documents. If your PNG common shares are registered in the name of a nominee, you should contact that nominee for instructions and assistance in delivering certificates to the depository.

As a result of the acquisition, PNG’s common shares are expected to be delisted from the Toronto Stock Exchange within three business days.
