

BEAR MOUNTAIN WIND POWER PROJECT WINS BC HYDRO BID

Calgary, Alberta (July 27, 2006) – AltaGas Income Trust (AltaGas or the Trust) (TSX: ALA.UN) and Aeolis Wind Power Corporation (Aeolis) today announced that Bear Mountain Wind Limited Partnership (BMWLP) was one of the winning bidders in the BC Hydro Fiscal 2006 Open Call for Power. The proposed 120 MW Bear Mountain Wind Park is located in northeast British Columbia, near Dawson Creek.

David Cornhill, Chairman, President and CEO of AltaGas said, "AltaGas is pleased with the outcome of the bidding process. This is another step in our strategy to pursue the development and operation of wind power assets."

"Aeolis is very pleased with the award and we are looking forward to working with BC Hydro to make the Bear Mountain Wind Park a reality," added Juergen Puetter, President of Aeolis. "It's an excellent wind resource. The success to date of the project is due, in part, to regional support we have received and to our partners, AltaGas and Peace Energy Cooperative."

Aeolis is a private, B.C.-based wind energy development company focused on establishing large-scale wind power generation facilities in western Canada. As a partner in BMWLP with AltaGas and locally-based Peace Energy Cooperative, Aeolis developed the Bear Mountain Wind Park bid for the BC Hydro Fiscal 2006 Open Call for Power.
